With this, I humbly appeal to the generosity and compassion of the Schools Division Office of Pampanga, its officials, personnel, and anyone who may be willing to extend assistance. Any financial contribution, regardless of the amount, would be a tremendous blessing and would help ease the burden of my medical expenses.

For those who may wish to extend financial assistance through direct transfer, here are my account details:

GCash Number: 0968-467-9900 – Mari Kris Garcia
LandBank Account Number: 3865000552

Attach with this letter are my medical abstract, treatment protocols, hospital cost estimates, and other necessary supporting documents for verification.

In this difficult chapter of my life, I have come to understand that sometimes, God sends people to become instruments of His love, compassion, and healing. I am praying that, through your kind hearts and generosity, I may receive the assistance I desperately need to continue my treatment and have another chance at life.

I know that there are many people who also need help, and I deeply appreciate your time and consideration in reading my appeal. Whatever assistance you may be able to extend will mean more to me than words can express. Your kindness would not only help me financially but would also give me renewed strength, courage, and hope to keep fighting.

Thank you for your compassion, understanding, and generosity. May God bless each of you and your families abundantly, and may He continue to make the Schools Division Office of Pampanga an instrument of hope and blessings to those who are facing life's greatest challenges.

With a humble heart, sincere gratitude, and unwavering faith in God, I pray for your favorable consideration of my request.

Respectfully yours,

DR. LEONARDO C. CANLAS
Schools Division Superintendent
Schools Division Office of Pampanga
Department of education

Dear Sir,

Warm greetings of peace, hope, and gratitude.

I am Mari Kris Z. Garcia, a JHS teacher from San Vicente National High School, and I am writing this letter with a humble heart to seek your kind assistance and support as I continue fighting one of the most difficult battles of my life—my battle against Classic Hodgkin Lymphoma.

For more than two years, I have been enduring this challenging journey, holding on to my faith in God and hoping that one day I will finally overcome this illness. I have undergone multiple lines of treatment, including chemotherapy and radiotherapy, with the hope of stopping the progression of my cancer. Unfortunately, despite all the treatments I have received and the hardships I have endured, my cancer remains active and has become increasingly aggressive. My treatments have not achieved the desired response, and my medical team has advised me to undergo a more intensive treatment plan, including salvage chemotherapy, high-dose chemotherapy and an autologous hematopoietic stem cell transplant, to give me a better chance of fighting this disease.

However, the cost of these treatments is far beyond my financial capacity. The estimated expenses are as follows:

Salvage Chemotherapy (6 cycles): ₱822,000
High-Dose Chemotherapy: ₱95,000
Autologous Hematopoietic Stem Cell Transplant: ₱2,000,000

TOTAL ESTIMATED MEDICAL EXPENSES: ₱2,917,000

The thought of needing millions of pesos just to continue my fight for survival is heartbreaking and overwhelming. I want to continue living. I want to spend more precious moments with my family, fulfill my dreams, and return to the life I once enjoyed. As a teacher, I have always dedicated myself to educating and inspiring my students, hoping to make a positive difference in their lives. Never did I imagine that I would find myself in a situation where I would have to humbly ask for help just to continue fighting for my own life.

I have tried to remain strong through every chemotherapy session, every difficult day, and every uncertainty that this illness has brought. There are moments when the physical, emotional, and financial burdens feel unbearable, but I continue to hold on to my faith in God. I believe that my life still has a purpose and that there is still hope for a better tomorrow. I am not ready to give up, and I want to pursue every possible opportunity to receive the treatment my doctors recommend.
