2. The three-day capacity training aims to
  - a. ensure K-3 learners' development of solid foundation in reading, numeracy, and mathematical concepts;
  - b. incorporate hands-on Mathematics activities in the early education with focus on counting basic arithmetic and problem-solving;
  - c. cultivate critical thinking and problem-solving skills through reading and numeracy;
  - d. encourage teachers to incorporate reading and mathematical activities across learning areas (Science, Araling Panlipunan, and other subjects) to show practical applications of skills in real-world contexts;
  - e. use standardized assessments and teacher observations to identify areas where individual learners may need additional support and tailor instruction accordingly; and
  - f. equip K-3 teachers with the knowledge and skills to effectively teach reading and numeracy.
3. The participants in this activity are the K-3 (KS1) teachers. Each district is requested to send 16 participants ( Four (4) teachers per grade level).
