Dear Supt. Alip:

Warm Greetings of Humanity!

One of the major programs of the Philippine Red Cross which was launched in 2007 is the Red Cross 143 whose purpose is to initiate, uphold and encourage the spirit of volunteerism at the smallest political unit in the country (the barangay) thereby delivering timely, effective and compassionate humanitarian assistance. It is a community based –based volunteering program where one (1) leader and a minimum of forty three (43) members form an active corps of capable, caring and committed individuals who will serve as the eyes and ears of the Red Cross (in reporting and responding) especially during times of disasters in their respective communities.

The Philippine Red Cross Pampanga Angeles City Chapter is continuously recruiting for 143 volunteers in the province. We prefer to recruit individuals who have the knowledge, exposure or experience in activities in their communities that are aligned with the different Red Cross Services and programs : Blood, Disaster Management, Safety, Health, Welfare Services and Red Cross Youth.

Since the DepEd is one of our major partners in service delivery we are planning to recruit and include in our 143 program our Health and Nutrition Leaders in the different schools here in Pampanga. We are confident that they will be able to help their respective communities more through the Philippine Red Cross 143 Program. As we gradually go on with our recruitment, we are also planning to include our teachers in Pampanga who will be willing to join the program.

Relative to this, as an initial step towards their recruitment, may we kindly request for the list of our School and Health Nutrition Leaders in Pampanga (Name, address and contact number). Said information will be submitted to the Red Cross main office to be included in our database of 143 volunteers. Rest assured that with respect and observance of the Data Privacy Act of 2012, the information obtained shall be used only for the above purpose.
