04 June 2025

ROMEO M. ALIP, PhD, CESO V
Schools Division Superintendent
DepEd Schools Division Office
Province of Pampanga

Attention: Dr. Gener B. Apostol
Medical Officer III

Dear Superintendent Alip,

The Department of Health (DOH), through its Health Promotion Bureau (HPB), in coordination with the Department of Education (DepEd) has been tasked to operationalize healthy settings in schools as mandated by Republic Act No. 11223, the Universal Health Care (UHC) Law. This aims to promote and strengthen health education in learning institutions in the Philippines.

The Healthy Learning Institutions (HLI) framework aims to bring together the P.CWHS and the Schools Division Office to implement a holistic series of interventions aligned with the World Health Organization's six pillars of health-promoting schools to create educational settings that are promotive of health.

In this regard, we respectfully seek the support of your office for the conduct of an **Orientation on Basic First Aid and Personal Hygiene** scheduled on **July 16, 2025**. This activity will involve selected schools—**Sta. Tereza II Elementary School and Katutubo Village Elementary School**—which aims to enhance the knowledge of both learners and school personnel on basic first aid, personal hygiene, and the proper use of health kits. Through this initiative, we hope to strengthen their capacity to address common health concerns within the school environment and promote a culture of safety and preparedness.

Moreover, this activity will serve as a platform for the DOH to provide first aid kits and hygiene kits to the identified Last Mile Elementary Schools (LMES), in support of ensuring that health services and resources reach even the most geographically isolated and disadvantaged schools.

Should there be any questions and clarifications, you may reach Mr. Renmar Hosteen Reynoso, Health Program Researcher, at 0961-670-1663 or e-mail at HPS@centralluzon.doh.gov.ph.

Thank you very much for supporting the health promotion initiatives of the region.

Sincerely,

CORAZON I. FLORES, MD, MPH, CESO III
