**DR. ROMEO M. ALIP PhD, CESO V**  
**SCHOOL DIVISION SUPERINTENDENT**  
**DIVISION OF PAMPANGA**

Sir:

**Warm greetings from Johner's Tours and Travel Incorporated.**

Experiences and memories of school educational tour/trip and educational mobile exhibit is one among the most prominent of the formative years, largely because they are the welcome break in the routine for both students and teachers. While their purpose is essentially to educate, they can also be a fun bonding experience for everyone involved.

As a registered and licensed travel agency engaged in offering a quality comprehensive tour package at very reasonable rate and a highly trained staff such as tour facilitator, coordinators and medics with years of experience in the tour business and exhibit, we therefore offer our services again in the fulfillment of educational tours and mobile exhibit of different schools in Division of Pampanga which they may hold this school year 2025-2026.

We believe in your thrust of providing students with a functional educational environment which will motivate students to attend school and experience both formal and informal learning.

In this regard, we would like to ask permission and look forward in your support and approval as we intend to offer our services to the different schools in your division. We guarantee that participation in the said activity will be on **purely voluntary basis** only.

Attached is the copy of my requirements for accreditation and our tour package proposals that I am going to promote this school year to the different schools.

For further inquiry, please contact us at 0932-5765009 and 0956-7953508.

Thank you very much and more power. Godspeed!

With you in service,

**JEFFRISON T. CAINGAT**  
**Account Executive**  
**Johner's Tours and Travel Inc.**

## Modules

Module 1, the Interactive Gallery, offers an exciting hands-on journey into cutting-edge technologies. It captivates students, sparking curiosity, fostering creativity, and igniting a passion for the innovations shaping our future.

Module 2, AR Trick Art, offers an engaging experience with optical illusion art that is enhanced by Augment Reality that stimulates visual perception, critical thinking and creativity.

Module 3, AI (The Deep Fake) lets students create their own deep fake videos and explore its fun uses in entertainment and serious applications in security, while learning about the risks like misinformation and

"Creative Future in Motion" is an exciting mobile exhibit that brings the latest in Augmented Reality (AR), Virtual Reality (VR), Mixed Reality (MR), and Artificial Intelligence (AI) directly to students. Designed to fit seamlessly into school schedules, it offers a thrilling adventure through three fun-filled modules: Students will have the chance to dive into the wonders of future technology, making learning both fun and memorable!
