All others concerned

1. The Schools Division Office of Pampanga, in collaboration with the SEAMEO TROPMED Network, conducted the Pilot Testing on the Mainstreaming of One Health Education in the Basic Education Curriculum last September 2024. The initiative aims to strengthen preventive education against zoonotic diseases by emphasizing the interconnectedness of human health, animal health, and environmental health.
2. The project incorporated One Health training modules, which were tailored for students and disseminated through our trained teaching personnel. The modules were effectively implemented in classrooms with a focus on monitoring, evaluation, and the dissemination of results.
3. To further improve the mainstreaming of One Health concepts, feedback is requested from participants at **San Vicente Elementary School (Sto. Tomas)** and **Andres Luciano High School (Magalang)**. Their insights will be instrumental in revising and enhancing the module to ensure it better serves the needs of learners.
